

mari decides a surprise dinner for her boyfriend when he comes home.. she will cook herself!!

she starts heating a pan on the stove and climbs up on the counter to prepare herself

she takes off her clothes and starts to rub oil over her butt and her pussy, fingering herself and massaging her breast moaning softly as she thinks about being dinner. she knows how much ryan loves to eat her... its still early since her last reform but she cant help herself

shes not much of a chef and never cooked herself before... she knows ryan could cook her better but she wants to be a surprise!! she butters up her butt and sprinkles some salt and pepper on her pussy hoping she will taste good

she awkwardly climbs to the stove, her butt dripping with oil and butter, and she sits in the frying pan!!

“AAH-!!”

she gasps as her butt hits the pan, searing loud against the hot metal

now she knows why he likes to heat her up slowly when he cooks her; its so hot she can hardly stand it!

“ooh!! ah! aaaahh!!” her eyes water and she squirms forcing herself to keep her frying ass in the pan, trying to keep still while she cooks

"mmmmm!!!" mari takes a sharp breath, slowly starting to relax as her naked bottom sears in the pan. she focuses on her breathing as she starts to cook

suddenly her phone goes off on the counter; her friend tami is calling

really?? now of all times?

she struggles to reach the phone and answers,

"h-hi tami!" she tries to sound normal... she doesnt want to tell tami shes frying herself for her boyfriend

“hm? oh, I'm not busy, I'm just cooking dinner..." she shifts a little, wincing as she fries "I'm, uhh..." she looks down at her butt cheeks sizzling in the pan "just cooking up some burgers!"

she tries to listen to tami chatting about her day, but its hard to focus with a fire crackling under her ass

“mmhm... so what did she say? really!!” mari bites her lip and tries not to moan as she presses herself down more, her pussy sizzling on the metal

its so hot she can hardly think, but its starting to smell so good

“im- aah... im gonna have to let you go, i think I'm almost done- uh, making dinner, I mean!! bye bye!!”

mari hangs up and puts the phone down on the counter, finally letting a loud long moan

her butt is finally done cooking and she turns off the stove, struggling to lift herself over to a plate waiting with big bread slices

she lays on the counter, curled up with her delicious fried ass in the air, and rests with her pussy down on the bread

she awkwardly reaches around to put some ketchup and a lettuce on her butt and then puts the other bread so her ass and pussy are in a sandwich all ready just in time - ryan comes in the door!!

“hi honey!! dinner is ready!” mari calls from the kitchen excitedly “come and get it!”

“you made dinner? thanks baby!” ryan puts his stuff down and goes to the kitchen where hes shocked to see a delicious girl sandwich!!

“surprise!!” mari shouts, wiggling her butt “IM dinner tonight!!”

“oh wow, you cooked your ass all by yourself??? you look delicious!” ryan licks his lips impressed and hungry

“i sure did!! come on, eat me!!” mari wriggles a little in the sandwich, happily preparing to be eaten

“mm, i cant wait!”
