

Jasmine saw how Courtney looked at her boyfriend. How much Courtney was eyeing her man. And she wouldn't stand for it.

She followed Courtney after work until the other woman turned down a desolate street. Then, she struck.

Jasmine charged forward and shoved Courtney into an alleyway. The other woman looked up, startled. "What the—Jasmine?!" she exclaimed. "What's going on?"

"You know what you did," Jasmine growled. "And now, you'll pay for your crimes."

She opened her mouth wide, and shoved Courtney, head inside. The other woman screamed and tried to pull her head back out, but Jasmine sealed her lips around it, trapping her.

She quickly swallowed down Courtney, gulping the boyfriend stealer down bit by bit, until Courtney finally reached her stomach. Once inside, the other woman started screaming, but Jasmine ignored it and continued eating.

She sucked in more and more of Courtney, filling up her gut with the delicious prey. Finally, she swallowed down the last bite, and the other woman was gone.

Jasmine let out a /buuurp/ and patted her swollen stomach. Man, Courtney had tasted good! Who knew revenge would be so sweet?

Now she just had to get home without anybody getting suspicious. . .
