

“Open wide,” Abyss said, smiling down at Charlie. She brought a bite of the cake over to him, and stuffed it into the snake tail’s mouth.

Charlie smiled as he bit into the cake—the flavors were absolutely stunning! It was a nice mix of chocolate and vanilla, and the taste wasn’t too overwhelming or strong, but gentle, with just a bit of force. It was very, very tasty, and he was glad to be experiencing this right now.

“Mmmmm,” the snake said, letting out a happy sigh. “Thissss isssss sssssso good!”

Abyss smiled. “I’m glad you like it!”

Charlie swallowed down the cake, sending it to Devin’s stomach. As a result, the chimera’s already large belly grew just a liiiiittle bit bigger, expanding slightly in size as it was filled with cake. Devin let out a happy moan, and Abyss smiled.

“More?” she asked Charlie sweetly.

“Pleasssse,” the snake replied eagerly. “I’d love ssssssome more cake.”

“Then you shall have it,” the bounty hunter replied, smiling.

And so, she continued to feed Charlie, giving him more and more dessert. Bite after bite went down his throat, until the whole cake was completely gone! It was a big dessert, but the feeding seemed to go quicker, somehow.

By now, Devin’s stomach was simply massive! It was twice as big as before, a huge ball that had long since stretched past his shirt and landed on the ground. All of them had thought his stomach was enormous before, but that was nothing compared to how big it was now.

“Your belly isssss quite big currently,” Charlie teased the chimera.

“It is,” Devin replied, blushing a little.

“Indeed,” Abyss noted, smiling. She came over and rubbed the chimera’s big belly, running her hands across the soft, smooth, furry surface. Devin sighed and leaned back, relaxing.

“Hey Charlie,” the bounty hunter said. “I have a request.”

“Yessss?” the snake asked. “What isssssss it?”

Abyss blushed, then replied, “Can I . . . kiss you?”

Charlie smiled. “Of courssssse you can.”

And so the bounty hunter leaned down, and kissed the snake gently.

It was a short, explosive moment, a hungry kiss that left both of them satisfied. When they released, both parties were smiling and blushing.

“Well, don’t leave me out of the fun!” Devin said, laughing. “Can I have a kiss too.”

Abyss smiled. “Why, you certainly can.”

The two met their lips shyly, just for a moment, and took each other in. Then, they released, and Abyss continued rubbing the chimera’s belly, blushing.

“This was fun,” Devin said. “Perhaps . . . we can do it again sometime?”

The bounty hunter smiled. “Perhaps we can.”

And so, she continued massaging him, and the three sat together, satisfied.
