

# *Iron Blood Bet*

---

Prinz Eugen was on the ropes. She was losing. This was unacceptable to her. *Everything* was at stake. Her opponent, Kaylani, had a perfect poker face. This girl's luck was certainly something, winning round after round. Eugen sighed. She had to make a bold play in order to bring things back around.

"All in.." The heavy cruiser cursed out of her breath. She had to rely on luck now. Kaylani was shocked - and was trying her hardest to hide it. However, this would be the perfect excuse to destroy her opponent once and for all. "Very well, all in." Eugen shoved all her chips forward, beads of sweat forming on her face. She was putting it all on stake. Kaylani did the same. She was confident in her hand, a three of a kind. She played it, and Eugen's face lit up.

"Aha!~ I am the victor!" Eugen exclaimed in relief, playing a straight hand. Kaylani was completely blown away her luck had come back to bite her in the ass.

"...H-Hold on just a second, Eugen! Surely you were just kidding about the bet!" She exclaimed, her face flushed a hot red.

"Oh.. I was very serious. Now that you've lost, it is time for me to devour you..~" Eugen approached her defeated opponent, her hips swaying side to side. Putting a hand on the back of Kaylani's head, she pulled her in for a firm kiss on the lips.

"Any last words, my 'Queen'?" Eugen teased, licking her lips. She was going to enjoy this victory. Kaylani simply stared at the looming predator, no words coming to her at the moment.

"Very well, then. I will certainly enjoy your body. *Aaaahhh..~*"

Not even bothering to undress her prey, Eugen's mouth quickly engulfed Kaylani's head, crown and all.

"*Mmmm..~*" Eugen hummed, her tongue running across her prey's face. The cruiser's hand reached down, grabbing the Ice Queen's impressive breasts. Her other hand moved down her back, grabbing her ass and pulling her up, more and more of the defeated girl entering the victor's mouth. Kaylani started to kick into a strong struggle, desperate not to end up as a meal over a card game. Eugen's grasp was far too firm though, keeping the squirming Kaylani in place.

Kaylani let out a scream in protest as she thrashed around, her large chest entering the shipgirl's mouth, as her arms were soon pinned to her side. Kaylani's struggles were forced

to slow down, she couldn't do anything but squirm in defiance as the rest of her body was taken into Eugen's mouth. Soon, all that was left outside were Kaylani's long, beautiful legs.

Eugen gave a hearty swallow, sending the legs down to her stomach with the rest of Kaylani's body, who was now forced into a fetal position.

On the outside, Eugen licked her fingers, quite pleased with the turn of events. "My my, Ice Queen. You certainly hit the spot. I am sad to say this will be the end for you.~" She teased, taking a seat as she began to rub her stomach. "At least you'll be adding to my superior body.~"

In the tight confines of Eugen's stomach, there was little room to protest. Still, Kaylani tried her hardest to struggle, coming out in the form of a feeble squirm. The movements caused a build up of gas, until...

*"Uuuuuuuuuurppppp...~"*

Eugen let out a loud belch, sending up a shiny trinket - the Ice Queen's crown. Eugen giggled in amusement, picking up the crown and twirling it in her fingers. "My my~ A souvenir. How kind of you.~"

Kaylani stayed silent. The whole situation was all too humiliating and she just wanted it to be over.

As soon as Kaylani thought things couldn't get worse, the ship-girl's stomach acids began to rise, covering the Ice Queen's body. Digestion had now officially begun. Kaylani squirmed, thrashing around as she desperately tried to avoid her fate. However, by now it was far too late

Meanwhile on the outside, Eugen was loving the experience of having a squirming prey in her stomach. She sat down and rubbed her full tummy in satisfaction. It wasn't long before she started to grow tired, falling asleep on her chair while Kaylani was melted down into nutritious goop.

A few hours later, Eugen woke up, with her stomach shrunk and Kaylani nowhere to be seen. What could be seen was her impressive additions to the Iron Blood ship's body. Her already impressive breasts, hips and rear had been given a sizable increase from the Ice Queen. She looked into a mirror, giggling to herself.

Soon, her stomach let out a groan as something pushed up against her anus. It was Kaylani, or at least what remained of her, and she was desperate to leave. "Ooh, someone's eager to

leave.. Alright, fine.~” Eugen coo’d, patting her abdomen as if someone was there. She made her way to the bathroom, her new hips swaying from side to side as she walked.

Locking the door and pulling down her panties, she planted her plump ass onto the toilet seat and began to squeeze the remains of the Ice Queen into the bowl. The logs were peppered with hair and bone shards of the now Shit Queen, and smelled absolutely rancid. Eugen’s face grew red as she strained to release her former meal. The pile was quite large, there was quite a bit of Kaylani to shit out. After finishing, Eugen got up, wiping her ass and looking down at the pile, placing her hands on the lever.

“Goodbye~” Eugen taunted one last time, pulling the lever and flushing down the Ice Queen’s remains, dooming her to an eternity in the sewers.
